Quick Start Guide

What's in the box?

Main Unit

Remote Control and 2 batteries

1 center, 2 front, 2 rear speakers and subwoofer
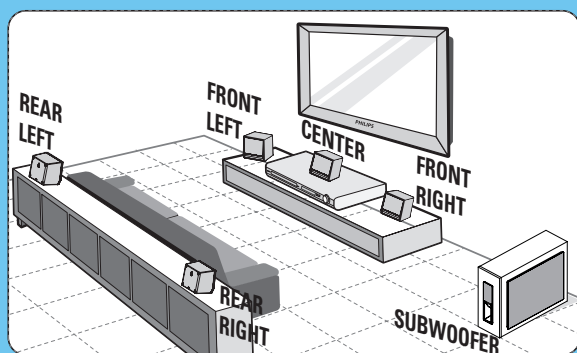

Composite video cable

FM wire antenna

User Manual

PHILIPS

1 Connect

A Placement

Proper speakers system placement is important to ensure optimum sound performance.

① Place the center speaker above or close to the TV.

② Place the subwoofer on the floor, at least one metre away from the TV.

③ Place the front speakers at equal distances from the TV.

④ Place the rear speakers at the back or beside the listening position.

B Connect the main unit to TV

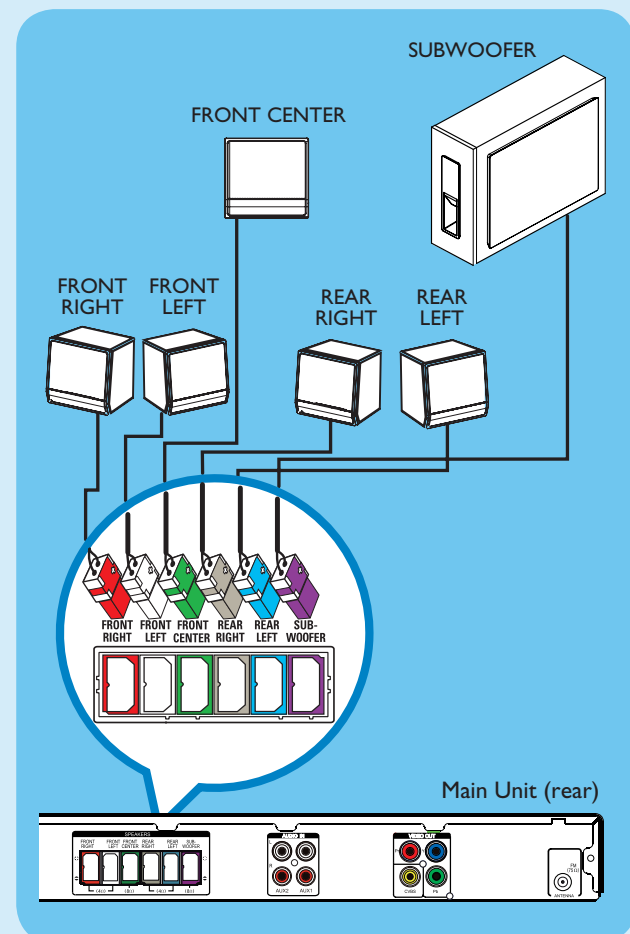

Television (rear)

Main Unit (rear)
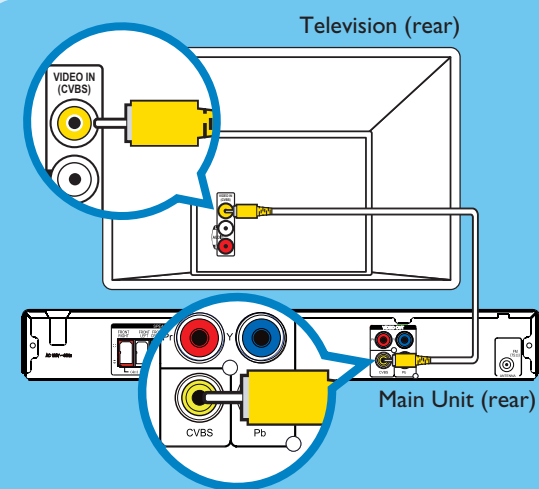

● Use the supplied composite video cable to connect the CVBS jack on the main unit to the VIDEO IN jack on your TV.

**Note** It is important to connect the main unit directly to your TV.

C Connect the speakers and subwoofer

Connect the various colored cables from the speakers and subwoofer to the same colored jacks at the rear of the main unit.

SUBWOOFER

FRONT RIGHT FRONT LEFT FRONT CENTER REAR RIGHT REAR LEFT SUB-WOOFER

Main Unit (rear)

## D Connect the radio antenna and power cable

Keep the antennas away from the electronic devices to prevent unwanted interference.
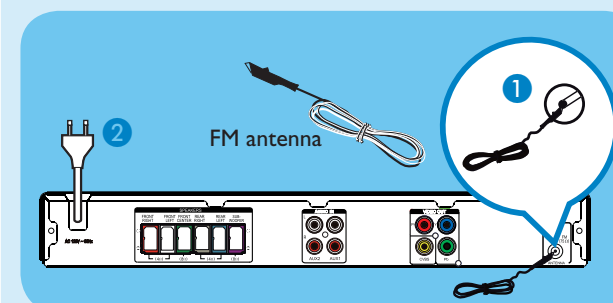

FM antenna

① Connect the FM antenna (supplied) to the inner pin of the FM 75 Ω socket. (For some models, it has been connected in the factory.) Extend the wire for optimum reception.

② Connect the power cable from the main unit to the AC power outlet.

E Connect audio output from TV (optional)

To hear the TV audio through this unit, use a red and white audio cables (not supplied) to connect the AUDIO IN-AUX jacks on the main unit to the AUDIO OUT jacks on your TV.

AUDIO OUT

TV (rear)

AUDIO IN

AUX

Main Unit (rear)
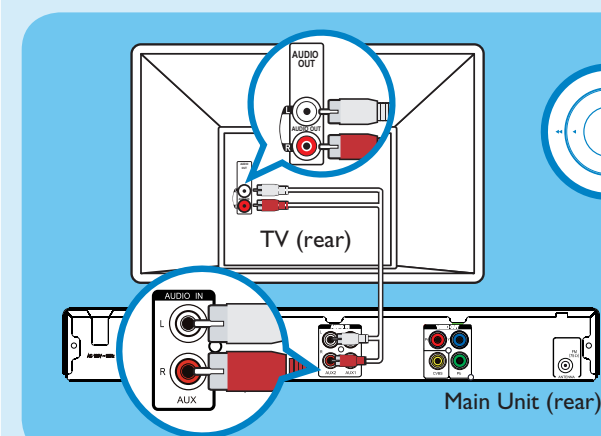

Note When watching the TV programs, you can press **AUX** repeatedly on the remote control until 'AUX 1' or 'AUX 2' is displayed to get the sound output from the speakers.

# 2 Set up

A Finding the viewing channel

① Press **STANDBY-ON** on the main unit to turn it on.

② Turn on the TV. Use the TVs remote control to select the correct viewing channel.

Main Unit (Front)
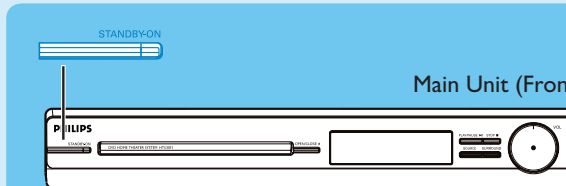

Note To search for the correct viewing channel, press the Channel Down button on the TVs remote control repeatedly (or AV, SELECT, ⊟ button) until you see the Video In channel. If you are using a RF modulator, set the TV to channel 3 or 4.

B Select the display language on the screen

① Press **OPTIONS**.
The { General Setup } appears.

② Press ▶.

General Setup   PHILIPS

Disc Lock
Display Dim
OSD Language   ✓ English
Screen Saver   Français
Sleep   Español
DivX(R) VOD Code

Press OPTIONS to exit menu

③ Use ▼▲ keys to select { OSD Language } and press ▶.

④ Use ▼▲ keys to select a language option in the menu and press **OK** to confirm.

⑤ Press **OPTIONS** to exit.

Note The language set here is only for the menus that are shown on the TV while operating this Home Theater system, not for the DVD disc menu.

There are various setup options (Audio Setup, Video Setup, Preferences) available on this Home Theater System. Refer to the user manual for more information.
